

The  
Ogden  
Trust

making physics matter

## The Ogden Trust

is a charitable trust that promotes the teaching and learning of Physics by supporting students, existing and prospective teachers of Physics, and projects in Physics teaching within primary and secondary schools

Thanks to the Ogden Trust, the National Space Academy has been able to appoint an Ogden Teacher Fellow **Ali Panju**, who will deliver programmes to support outstanding Physics learning at **Countesthorpe Leysland**

Physics students are invited to enrol onto the course **JOURNEY TO A COMET** a set of three inspirational master classes culminating with a public lecture and award ceremony for participating students.

## The National Space Academy

Based at the National Space Centre in Leicester the National Space Academy is a network of outstanding teachers and space scientists who use the inspirational context of space to deliver master classes and Teacher CPDs in STEM subjects

NATIONAL  
SPACE ACADEMY
