Awarding Grades in Summer 2021

As part of the process for awarding grades in Summer 2021 teachers have used their professional judgment to decide on a range of evidence to inform those decisions.

Please find below details of the evidence used. Be aware that the number of pieces of evidence used can vary between subject – this is normal. Teachers have carefully selected the evidence to ensure coverage of the key elements of the course (following exam board guidance) and this can be achieved in different ways.
