USE FULL TUTOR GROUP NAMES

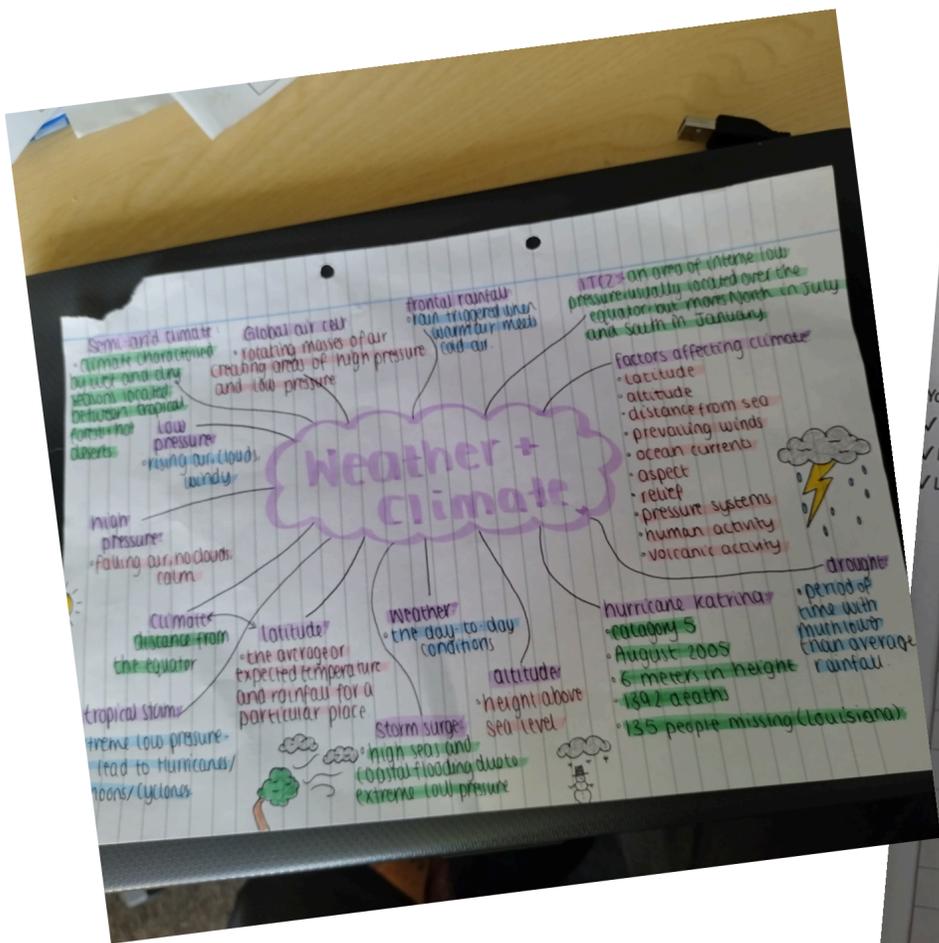

Enter the correct, full tutor group to access the system.

TUTOR GROUP CODES FOR SCHOOLCLOUD LOGIN

Student Year	Tutor Group Codes		
Year 11	11CLA	11DRU	11JHA/JRO
	11JMB	11KAR	
Year 13 (6 th Form)	6 th HMI	6 th JPE	6 th NSH
	6 th NFO	6 th VMA	6 th TIO

Last week we:

- Reviewed how to answer different questions in humanities
- Undertook walking, talking mocks in maths
- Upgraded our science PPEs
- Prepared for the Health and Social Care exam on 5th May
- In geography we learned how to present fieldwork data, critically evaluating these methods along the way. This gives student more skills on what they will need for their examinations.

 Islam Beliefs & Prophets - Revision Notes
 Sunni Muslim
 G - Tahwid → Allah is one
 A - Malaikah → Angels deliver God's messages (Risalah)
 B - Qur'an → its the final complete revelation → earlier books include Pentas, Gop
 P - Nubuwwah → Muhammed is the final prophet
 A - Akhirah → Day of judgement / afterlife
 P - Al-Qadr → Predestination; Allah knows & controls things
 R - Tahwid Resurrection (Day of judgement)
 I - Imamate - Leadership by divine Imams
 P - Nubuwwah
 J - Adalat → Allah is just
 G - Tahwid
 Prophethood → Risalah.
 ↳ God communicating with humanity through chosen messengers
 ↳ Prophets guide humanity because Allah is beyond full human understanding, so prophets help people understand God's will.
 Prophets
 - Prophet Adam was the first man and first prophet. He was responsible for looking after creation. Both Adam and Eve share responsibility for their mistake - neither is blamed.

SATURDAY TUTORING!

A calm, soothing environment for students to work separately or with a group of friends.

On average a private tutor would cost around £30-£50 whereas we are offering this level of expertise for FREE!

Our sixth form students will offer specialised guidance as they have first hand experience dealing with exams and the stress they bring.

ONLY DURING TERM TIME
Parents sign up via ParentPay

What do we offer?

- One to one mentoring from current sixth form students
- A calm, soothing environment for students to work separately or with a group of friends
- Tutoring/support with any GCSE subjects

Benefits of study groups

There are many benefits to studying alongside peers+ with mentors:

- Our sixth form tutors will help students to set, clear and achievable objectives throughout each session. This will help them efficiently cover each topic with minimal amount of stress and ensure a successful outcome for GCSE exams.
- Studying alongside peers improves retention rates, by explaining topics to each other it helps students gain a deeper understanding and solidify the information in their memory.

St John's College Webinars 2026

This series of Zoom webinars throughout the rest of the academic year will cover a range of topics relating to applications and admissions, from an introduction to Higher Education for Year 11 students to fine-tuning personal statements for Year 12s.

This is an excellent opportunity - for applicants and their supporters (family and teachers) - to gain insight into the Cambridge admissions and decision-making process from members of the Admissions Team who have led this process for several years. There will be Q&A time included.
