

GCSE COUNTDOWN

Before the break we...

- RS pupils explored Christian beliefs and peace & conflict, using past papers to deepen understanding.
- Health & Social Care developed health and wellbeing improvement plans ahead of the May exam.
- Geography applied the six-stage enquiry process to Melton Road fieldwork.
- English, Media and French focused on literature revision, narrative writing, media theory and key language topics.

Join in this week...

- Health & Social Care students work through their past-paper packs.
- Geography, English, Media and French consolidate core knowledge and exam skills.

Important Information!

Supporting Year 11 in the Run-Up to Exams

As we move into the final weeks before the GCSE exam season, we remain fully committed to supporting our Year 11 students to achieve their very best. Alongside our high-quality lessons, regular homework and independent learning tasks, revision training, holiday revision sessions, after-school support, and our Saturday peer-tutoring programme, we want to ensure every student feels confident, organised and well-prepared.

We are increasingly concerned that a small number of students are struggling to meet homework and independent learning deadlines. To support them further, after the Easter break, any Year 11 student who submits homework late will be placed into a 30-minute Leadership Team Homework Support Session, held after school from 3:10–3:40pm. These sessions are designed to help students stay organised, reduce stress, and ensure they complete the work they need in order to be successful.

If a student does not attend their after-school support session, it will instead take place the following day at lunchtime.

Please note that this is a supportive measure, but it is also non-negotiable. Our aim is to make sure every student has the structure, guidance and encouragement they need during this crucial period.

Thank you for your continued support.

Weeks To Go!

GCSE COUNTDOWN

In the final week of term, our Year 11 pupils finished on a real high! In Religious Studies, they explored key Christian beliefs and themes such as peace and conflict, applying their understanding through targeted past paper questions. Health & Social Care students worked incredibly hard preparing for their May exam by developing detailed health and wellbeing improvement plans, while Geography classes applied the six-stage enquiry process to their Melton Road fieldwork. English, Media and French pupils showed impressive focus as they tackled literature revision, narrative writing, media theory and core language topics. It was a purposeful and determined end to the term, demonstrating just how committed our Year 11s are.

We were also thrilled with the fantastic turnout to Easter revision sessions, with so many Year 11s giving up their holiday time to strengthen their knowledge—an amazing reflection of their maturity and drive. This week, pupils will be building on that momentum: RS continues with revision and further exam practice; Health & Social Care students will be working through their past-paper pack; Geography will be consolidating key physical geography knowledge; and English will focus on Poetry Anthology revision alongside Media textual analysis and French vocabulary and topic practice. With such a strong start and excellent engagement, we're excited to see Year 11 carry this energy into a highly successful term ahead!

Year 11 will shortly be receiving their personalised 'hot tips' revision timetable. This will tell them where to go for helpful hints and tips just before their exams.
